

Say “hello” to hands-free
comfort control

"Hello, thermostat."

Use this simple phrase to activate the thermostat, then say one of the pre-programmed commands to adjust the temperature.

"Make it much cooler."

"I'm feeling cold."

"Make it four degrees warmer."

Plus, get remote comfort control when you're away

With Honeywell's free Total Connect Comfort app for iOS and Android™, you can:

- View and change your heating and cooling system settings
- Schedule remotely
- Get temperature alerts via email or app
- Access multiple locations if more than one system is connected
- Manage multiple thermostats if your system is zoned
- Get automatic software upgrades as new features are available

Once your thermostat is installed by your heating and cooling professional, go online to mytotalconnectcomfort.com to create an account and get remote access to your thermostat no matter where you go. Don't forget to install the FREE app on your tablet or smartphone!
